A Note from the Headteacher

MacMillan Coffee Morning

Thank you to everyone who was able to support our Macmillan coffee morning today; whether you were able to attend in person, contribute cakes or send money in with your child, we thank you for your support. We do not yet have a final total but will be sure to share the number with you when we do. A special mention of thanks to our brilliant parent forum team for helping to make this event possible; your help is greatly appreciated.

After School Clubs

Clubs are due to begin next week. If you would like your child to attend an after school club, please submit your choices via the form coming out on Ping today.

Key Stage 2 provision

You may recall from a MAT consultation issued last year that we are looking to develop the St. Nicholas offer and open a class for children in primary years 5 and 6. This proposal was given the go ahead by the Department for Education at the end of July and we are now starting to plan what the provision will look like. There are no concrete plans at this stage but planning is underway. I endeavour to keep you updated as the project develops. It is certainly an exciting project to be part of, knowing that yet more children with SEND in Southend can benefit from the St. Nick's experience. Watch this space for further details.

Wishing you all a restful weekend,

Mrs L. Fox

Headteacher

KS3 HOME ECONOMICS COSTS

As part of our school's curriculum, we offer home economics to all students in KS3 (years 7, 8 & 9). This requires a small fee from parents for ingredients. Students are able to bring home their food, if a contribution is received.

The cost is **£10 per term**.

This can be paid for using our online payments system. Please contact the school office if you need help in getting set up on this system.

Thank you for your contributions.

This Wake up Wednesday guide explores the issue of youth violence – what causes it, where and when it often occurs, and how adults can help keep young people safe and informed.

At The National College, our WakeUpWednesday guides empower and equip parents, carers and educators with the confidence and practical skills to be able to have informed and age-appropriate conversations with children about online safety, mental health and wellbeing, and climate change. Formerly delivered by National Online Safety, these guides now address wider topics and themes. For further guides, hints and tips, please visit nationalcollege.com.

What Parents & Educators Need to Know about YOUTH VIOLENCE

Youth violence affects one in four children in the UK, but it doesn't have to. When parents, carers, and educators understand the risks, they're better placed to support young people. The right support, mentoring, therapy, and guidance can help young people affected by violence to feel safe, manage conflict, and make positive choices.

UNDERSTANDING YOUTH VIOLENCE

WHY DO YOUNG PEOPLE COMMIT SERIOUS VIOLENCE?

A recent study surveyed over 10,000 young people affected by violence, asking why serious violence occurs among their peers, such as an assault involving a weapon or sexual violence. The most common reasons given were due to a personal characteristic of the victim e.g., race, religion, sexuality, gender, a gang or school rivalry, and being provoked. While not all young people face these issues, many lack the emotional regulation skills needed to manage provocation.

WHEN IS VIOLENCE MORE LIKELY TO HAPPEN?

For children and young people in England and Wales, the hours between 4 pm and 8 pm – just after school – carry a particularly high risk for serious violence. This can stem from conflicts that escalate during the school day, online arguments, or simply moving through unfamiliar areas on the way home. Understanding this risk helps us support safer travel and routines. Our recent report found that over one in three young people don't feel safe in the area they live in, and 36% don't feel safe walking the streets.

WHY MIGHT A YOUNG PERSON CARRY A WEAPON?

Young people may carry weapons due to fear, threats, peer pressure, or a false sense of protection. Many young people tell us they feel unsafe and carry weapons 'just in case', while others may be influenced by social media, peers, or criminal activity. Some don't realise it's illegal or may believe it earns respect.

WHERE IS VIOLENCE MORE LIKELY TO HAPPEN?

Violence often happens in certain places. Busy areas like transport hubs carry risk simply because lots of people gather there. Other hotspots, like places linked to drug activity, attract those more likely to be involved in violence. Some areas become risky due to poor supervision, such as under-resourced public spaces. Understanding where violence tends to occur helps us guide young people safely through their communities and advocate for better support and safer spaces.

WHAT ARE SIGNS A YOUNG PERSON IS AT RISK?

Children and young people often express that something is wrong through behaviour rather than words. Be alert to signs such as sudden mood changes, secrecy around friendships, excessive phone use, unfamiliar slang, unexplained injuries, fear of school, aggression, going missing, or substance use. They may also be associating with older peers. These behaviours can indicate underlying issues that can lead to violence.

ONLINE INFLUENCES

Social media plays a powerful role in normalising and escalating violence. Platforms like TikTok and Snapchat can expose young people to harmful content, often shaped by algorithms. Many see violent material that distorts reality, leading to fear and desensitisation. A recent study found 70% had seen real-world violence online, and 80% felt less safe in their communities. Alarmingly, 39% said it made them more likely to carry a weapon. Online conflict can often spill into real life, with serious and sometimes tragic consequences.

Advice for Parents & Educators

TALKING TO CHILDREN ABOUT STAYING SAFE

Choose a safe moment for the conversation, emotionally and physically. If a child is upset or angry, help them settle before discussing serious topics. Listen actively without judgement, even if what they share is difficult. Avoid interrupting and offer advice when the time feels right. If you're worried, you're not alone; support is available.

HELP CHILDREN UNDERSTAND CONSEQUENCES

Young people can be searched by police or teachers if suspected of carrying a weapon. If found with a knife, they could face arrest and criminal proceedings. A conviction can result in a criminal record. Even being present during a violent assault, encouraging it, filming, or sharing footage can lead to prosecution. Open and honest conversations can help children understand these risks and make safer choices.

AVOID CONFLICT & MANAGE ESCALATIONS

Encourage young people to consider the 'Safe T's' – Trust instincts, Take a breath, and Talk to a trusted adult. When triggered or provoked, they may react from their 'survival brain', unable to think clearly about the consequences. Taking a breath helps calm, and helps them access their 'thinking brain'. Remind them that moments pass, and seeking support from trusted adults builds resilience and safer decision-making.

REPORT INFORMATION

We all have a role in preventing violence. If a child shares concerns, you can act. For educators, it's important to follow your school's safeguarding procedures. Other adults can report anonymously through Fearless or Crimestoppers, and speak with other parents, the school, or local police through 101. If someone is in immediate danger, always call 999. These steps help protect children and the wider community.

This guide offers advice on how to establish suitable, effective rules around the use of digital devices in your household.

10 Top Tips for Parents and Educators CREATING FAMILY RULES FOR USING DEVICES

A set of family rules agreed on with children can promote the safe, responsible use of devices like tablets, smartphones, gaming consoles and computers. By developing rules around technology, it opens the conversation regarding boundaries and expectations, ensuring a healthy balance of screen time. This guide will help you to develop an age-appropriate family agreement to suit your household.

- 1 WORK TOGETHER**
Involve your child when setting rules on devices to encourage them to take ownership.
- 2 AGREE TIME LIMITS AND SUITABLE TIMES**
Set screen time limits. This could be 2 hours max a day. Agree times when devices must be put away and stick to it.
- 3 ENCOURAGE HONESTY**
Encourage your child to come to you if they are upset about something they've done, so you can resolve it together.
- 4 CHARGING AND OVERNIGHT STORAGE**
To ensure children get the downtime they need overnight, it's important that devices are kept in a common space (e.g. your bedroom or a charging box).
- 5 REVIEW RULES REGULARLY**
Take time to regularly review the rules as a family; what's working, and what isn't. Get them to sign the rules you agree on.
- 6 PROTECT PERSONAL INFO**
Discuss with your child about protecting their personal information. Use parental controls to block children from connecting with strangers.
- 7 BE RESPECTFUL**
Talk to them about being respectful when using technology. Explain that if they are being unkind, they will need to stay away from their devices for a while.
- 8 "NO TECH" ZONES**
Have spaces where technology isn't allowed (e.g. bedrooms, bathrooms and at the dinner table).
- 9 AGREE ON CONSEQUENCES**
Agree with your child on some fair consequences if any of these rules are broken and follow them through.
- 10 KNOW ALL PASSWORDS**
Parents should have access to all passwords. Make it clear that you will check their devices regularly.
